

## e-ROC Auction – December News

### ROC prices reached a new high of £48.12 in the November auction

- NFPAS Auctions allow sellers to turn their ROCs quickly into cash soon after the monthly issue of ROCs by Ofgem.
- Why wait for the uncertainty of the recycle fund when you can obtain full value for your ROCS through the online auctions?
- We have already had three successful auctions during CP9 and in the last auction in November the average price for ROCs was £48.12, an increase of £1.20 from the auction held in October.
- **Sellers can also auction their old ROCs (CP8) in the auction. CP8 ROCs averaged £47.00 in the November auction.**
